

SUPPLY CHAIN MANAGEMENT

Success is not an accident. It is the result of commitment, preparation and a dedicated effort. Learn human, material and logistics management to create a smooth flow with the supply chain management degree. Our classes focus on quality management, materials management and procurement and human resources, so that you will have the footing to create a smooth flow in your career.

The supply chain management (SCM) degree is designed to prepare students for positions in organizations with SCM needs. The goal is to have graduates who are conversant in the language, applications and techniques of supply chain management. All students will review content areas and be encouraged to take the Certification examination administered by the American Production and Inventory Control Society leading to the Designation of Certified Supply Chain Professional (CSCP).

Tiffin University's School of Business is accredited by the Accreditation Council for Business Schools and Programs (ACBSP). The ACBSP is a leading specialized accreditation body for business education supporting, celebrating and rewarding teaching excellence. They accredit business education programs at the associate, baccalaureate, master's and doctorate degree levels worldwide. Institutions with this

accreditation are committed to continuous improvement that ensures their business program will give students the skills employers want. Every quality business program worldwide is accredited.

According to the Bureau of Labor Statistics, the median annual wage for logisticians was \$76,270 in May 2020. For 2020 to 2030, the job outlook for logisticians is an increase of 30%, much faster than the average job outlook.
