Message from President Lillian Schumacher

On behalf of the faculty and staff, it is my pleasure to share our Tiffin University story. Our motto, “SINE AUDACIA NULLUM PRAEMIUM” – translated as: “without risk, there is no gain” is the motivator for all that we do. Our Guiding Principles contains our seal in which our motto is written. This document serves as an overview of how we live by our motto. It clearly states our Purpose, Mission and Vision, our strategic priorities, and most importantly our ICARE Values. This set of principles guides what we do each and every day at Tiffin University. We hope you embrace our Guiding Principles as much as we do.

Tiffin University offers a comprehensive college experience. Tiffin students learn from faculty who are experts in their fields. Tiffin faculty members serve as mentors and advisers and help students select the most effective classes of study. They also provide internship opportunities and careers with national and global industry partners, federal agencies, corporations and entrepreneurial companies.

Students of Tiffin University are encouraged to make powerful, life-long connections as they engage with a diverse population of students from across the United States and the globe. Today, there are 197 international students attending TU, representing more than 27 countries plus Israel. Tiffin is proud of its growing diversity that goes well beyond the classroom. Diversity, Equity and Inclusion, known at Tiffin University as Celebrating CulTural Uniqueness or CCU@TU, is valued, celebrated and infused throughout the campus and the community through our curriculum, extracurricular activities, food, arts and entertainment during every academic year.

Additionally, on campus, TU students participate in Division II Athletics, Greek Organizations, Music, Performing Arts, International Organizations and Cultures, Special Interest Groups and Religious Organizations. These are just some of the co-curricular activities we have at TU, designed to balance in and out of the classroom experiences for our students.

In the classroom, academic achievement is paramount. Tiffin University believes a college degree is earned, not rewarded. We also believe in linking theory to practice as much as possible by offering opportunities for experiential learning. As a student of Tiffin University, we will expect more from you and you will learn to expect more from yourself.

Striving for education--for improvement of your mind--should not be an uncharted journey toward any definite goal, but a gratifying and fortifying broadening of one’s consciousness and an enrichment of one’s possibilities of life and happiness.

As TU’s sixth President, it is an honor to share our Tiffin University story.
